GIPS Hospital and De-addiction Centre

About Us

The GIPS Hospital, since its inception in 2007, being the only private psychiatric clinic, it has been consistently providing the highest quality of care to patients of all age groups, ranging from children, adolescents as well as geriatric populations. At GIPS, we adopt an extensive approach to mental health treatment, emphasizing holistic care that extends beyond medication.

Our goal is to address emotional, behavioral, educational, and developmental issues to support the well-being of our patients and their families.

Our Services

We offer in-patient services at Healthy Mind Hospital in Ahmedabad, featuring advanced treatments like ECT and TMS. Our multiple clinics around the city ensure convenient access to our mental health services where we offer a comprehensive service for children, adolescents, and families, with a team of competent psychiatrists and psychologists providing integrated care under one roof. Our services include assessment and treatment for a range of issues. We provide clinical interventions in the form of psychiatric consultations and psychotherapy.

Heart Foundation & Research Institute

About Us

Heart Foundation and Research Institute is a NGO which is an outcome of the noble ideas and efforts of Late Shree Arvind Narottam Lalbhai and Late Shree Dr. Sumant M. Shah.

Shree Dr. Nitin Sumant Shah (Son of Late Dr. Sumant M. Shah) looks after many social welfare initiatives under the banner of Heart Foundation and Research Institute.

Our Services

The Heart Foundation and Research Institute in Ahmedabad provides comprehensive cardiac care services, including diagnosis, treatment, and management of various heart conditions. They offer advanced interventional cardiology procedures, cardiac surgeries, cardiac rehabilitation programs, and preventive cardiology services. The institute also conducts research, participates in clinical trials, and provides education and training for healthcare professionals in cardiology.
