Dear Colleagues,

It is my pleasure to welcome you to this academic gathering jointly hosted by **GIPS Clinic** and **Healthy Mind Hospital**.

At GIPS, our vision has always been simple - to provide compassionate, evidence-based, world-class psychiatric care. Over the years, we have grown not only as centres of healing but also as platforms for sharing knowledge, challenging ideas, and shaping the future of mental health care.

Psychiatry is evolving rapidly, with new therapies and technologies changing how we serve patients. Continuous learning remains the cornerstone of our field, and through academic initiatives like this CME, we aim to keep professionals in Gujarat connected with these advances for better patient outcomes.

**This year's CME holds special meaning as GIPS proudly celebrates the golden Jubilee year of Dr. Rajesh Maniar, Director - GIPS, in the field of Psychiatry. With 50 years of distinguished service, Dr. Maniar has guided generations as professor, mentor, and one of the founders of GIPS. His commitment to excellence, compassion, and integrity continues to inspire us.**

This CME brings together leading minds in psychiatry from across India to exchange science, clinical wisdom, and human values. I, Dr. Pradip Vaghasiya warmly invite you to learn, share, and strengthen our collective mission of advancing psychiatry in Gujarat.
